TUVALU MONTHLY AND SEASONAL OUTLOOK

JUNE TO AUGUST

2024

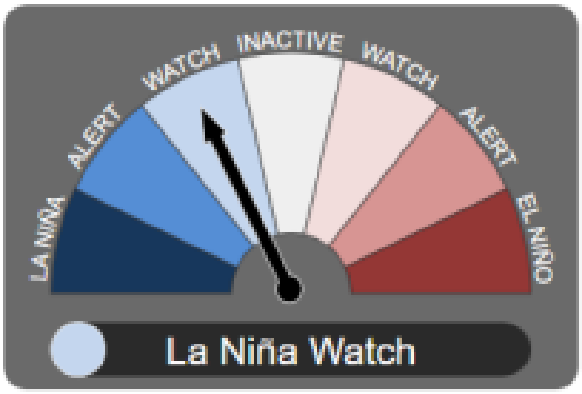

Ministry of Public Works, Infrastructures, Development and Water
Tuvalu Meteorological Service

SUMMARY

- **“La Niña Watch“ is favored across the Central Pacific.**
- **Above normal rainfall for the whole group of Tuvalu during June and June to August.**
- **Maximum and Minimum temperatures during June and June to August are likely to be above normal across the country .**

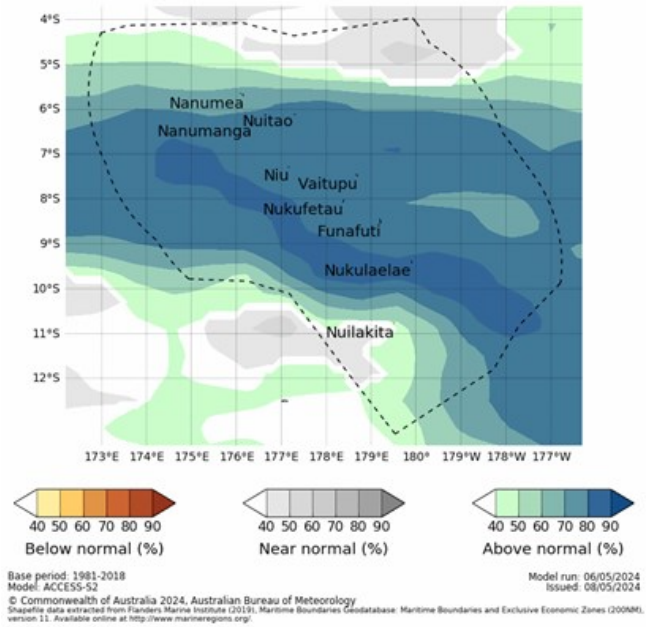

EI-NINO SOUTHERN OSCILLATION (ENSO)

- The El Nino-Southern Oscillation (ENSO) is currently Neutral and there are some early signs that a La Niña might form in the pacific Ocean later this year. As result the ENSO outlook has shifted to La Nina Watch.
- Sea Surface Temperatures in the Central Pacific have been steadily cooling .
- The Climate modelling suggests that ENSO will likely remain neutral until at least July 2024.
